

Before you start hosting ConferenceManager conferences, you should log in to test your computer's configuration, verify your account information, and adjust your conference preferences if necessary. Your system administrator must provide you with the conferencing system URL, your Conference ID, and your PIN.

Running the System Test

- Step 1. Open a browser and navigate to the conferencing system URL.
- Step 2. Click **System Test**.
If a security warning appears, click **Yes**.
- Step 3. Click **I am a host or leader or I am a participant**.
- Step 4. Click **Check My System**.
The System Test page displays the test results; any deficiencies are accompanied by an explanation and a link to correct the issue (e.g., by installing additional software).

Logging In to ConferenceManager

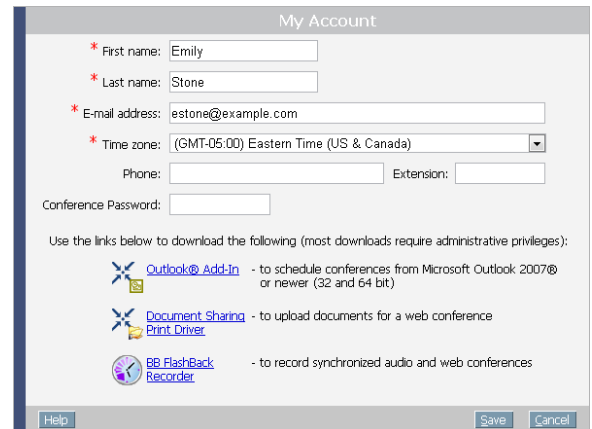

- Step 1. Open a browser and navigate to the conferencing system URL.
- Step 2. Click **Host Log In**.
- Step 3. Enter your **Conference ID** and **PIN**.
- Step 4. Click **Log In** to access your My Conferences page.

Editing Your Account Information

- Step 1. From the My Conferences page, click **My Account**.
- Step 2. Edit the following fields if necessary:

Field	Description
First name, Last name	Appears in conference invitations and identifies you in web conferences.
Email address	Conference invitations are sent to this address.
Time zone	Ensures that conference reservation times are accurate for your location.
Phone, Extension	Your phone number or SIP address (optional; depending upon your Class of Service, the conferencing system may be able to dial out to you).
Conference Password	A 4- to 8-digit number that participants must enter before joining the conference. (Optional unless required by your Class of Service.)

- Step 3. Install optional components if necessary (e.g., if you did not install needed components during the System Test).

Component	Description
Outlook Add-In	Integrates the conferencing system with the Outlook Calendar and Address Book.
Document Sharing Print Driver	Allows you to upload documents to web conferences.
BB FlashBack Recorder	Records conferences with synchronized audio and video.

- Step 4. Click **Save**.

Setting Your Preferences

From your My Conferences page click **My Preferences**, make changes as necessary, and click **Save**. Note that many options require particular conferencing system licenses or Class of Service settings; see your system administrator if you have questions regarding the options available to you.

Setting	Options
Participant Preferences	
Participant security level	Allow participants to join conferences with your Conference ID only, or [optionally] require participants to enter an assigned PIN as well.
Participant waiting room	Allow participants entering the conference before you to speak to each another, or place them on hold until you join.
Participant announcement method	Indicate participants' entering or leaving with a tone, a recorded name, or not at all.
Allow Participant Dialouts	If enabled, allows the conferencing system to dial out to conference participants.
Conference Preferences	
Ad-Hoc conferences	Allow participants to begin ad-hoc conferences without you, or require them to wait until you join.
Audio Entry Options	Determines whether the system prompts callers to determine if they are the host, assumes all callers are participants, or whether the first caller is automatically made the host.
When I'm not present in the conference	Let conferences run until the scheduled end time, for a specified period of time, or as long as ports are available.
When the conf. ends	Save or Delete the conference room after the conference ends.
When the conf. starts	Start the conference in normal mode or lecture mode, in which participants are muted as soon as they join.
When in lecture mode	Determines whether participants can mute/unmute themselves.
Blast Dial startup opt.	For licensed systems, determines when and how the conferencing system will Blast Dial conference participants.
When there's only one audio connection	Determines if music plays when there is only one person in the conference.
Record audio when the conference starts	Determines if conference recording (if licensed/enabled) begins automatically when the conference starts.
Send Conference Report email to host	Sends a post conference report with attendee names, numbers, and connection details.
Host Preferences	
Include phone numbers of type	Select the number types to include by default.
Web Conference options	Select whether web participants may use conference room features.
Anyone can	Select whether web participants may upload/annotate documents.
Tab options	Select whether web conference participants are able to switch and share tabs.
Sort participants	Select the order in which the Who Is Here window lists participants.
Host Dialout Options	Specifies when the conferencing system should dial out to the host, and if a PIN is required
Private Conf. Names	Click any of the buttons to predefine private conference names.
Participant DTMF...	Determines whether audio conference participants may press #1 to access private conferences.
Operator Console Preferences	
Prompt Operator for PIN	When selected, a PIN is required before connecting to the Operator Conference
Display Fellow Operator Mtgs.	When selected, the Live Conferences tab automatically displays Operator Conferences
Auto Display All Live Mtgs.	When selected, conference panels for all live conferences are automatically displayed
